- Internship Participants are required to register for a minimum of 14 credits per semester. This includes 12 credits from OUSSEP courses and the overnight bus trip of OUSSEP, which are compulsory elements of the course.

3) General description of the internship

Many partner universities have requested Internship Courses held in English for international students. To satisfy those demands, CIEE designs and provides Internship Courses.

This is a four-credit Internship Course for OUSSEP students and an elective. Students attend an internship to acquire on-the-job experience, job training, and practical experience at an off-campus organization. Instructions will be given by each hosting organization before and after the actual internships begin.

4) Permission to Engage in Activities other than those Permitted under the Status of Residence Previously Granted (資格外活動許可 *shikakugai katsudou kyoka*)

All participants need to obtain a work permit (資格外活動許可 *shikakugai katsudou kyoka*) no later than the OUSSEP Orientation. Please apply for and receive the permission at the airport, when you arrive

in Japan. Otherwise, you will need to go to the regional immigration office and it takes 2 weeks to get the permission, therefore you will not be able to participate in the course until you receive the permit. Please refer to the website of the Ministry of Foreign Affairs of Japan for more information:
