

About Osaka University

Osaka University is recognized as one of the leading research universities in the world and is at the forefront of technological and social innovation. During 2018-2019, it was ranked 67rd by the QS World University Rankings. Osaka University can trace its beginnings to the Edo Period and was founded as the sixth imperial university, starting with 2 faculties: Medicine and Science. Today, it has a total of 25,000 students and consists of 11 Schools, 16 Graduate Schools, 5 Research Institutes, 2 Hospitals, 4 Libraries, and many other facilities.

Accommodation

The program has prepared short-contract one-bedroom flats for J-ShIP participants. These modern rooms are well equipped with a futon (Japanese style sleeping mattress), refrigerator, air conditioner, bathroom, washing machine, kitchen, desk, and internet access. Once accepted, refer to the J-ShIP residence guideline.

<Homestay option>

Osaka University might be able to offer homestay accommodation with two meals a day for a limited number of participants. For further details, please refer to the guideline.

About Osaka

Osaka is the second largest metropolitan area in Japan after Tokyo and is known for its open and innovative atmosphere. Cup Noodle was, for instance, invented in Osaka. For those who want to experience traditional Japan, the cultural capitals of Kyoto and Nara, and the port city of Kobe are just a short train ride away.

JASSO Scholarship

In 2011, JASSO (Japan Student Support Organization) started offering a new scholarship scheme for international students who study in Japan for no longer than three months. The J-ShIP program was designed to fit into this scholarship category. In AY 2021, Osaka University applies certain amount of financial support for the J-ShIP 2021-2022 participants, namely Summer J-ShIP and Winter J-ShIP students, using this scholarship initiative. If successful, the JASSO grant (160,000JPY for Summer J-ShIP / 80,000JPY for Winter J-ShIP) will be offered for well qualified students of each program.
