Inter-Campus Shuttle Bus Service

Inter-Campus Shuttle Bus Service

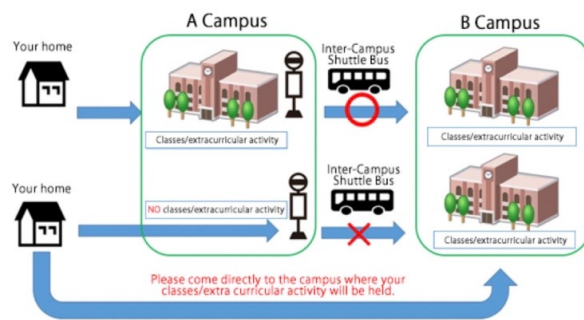

*Passengers must wear a mask while riding the inter-campus shuttle bus.

The Inter-Campus Shuttle Bus Service is a free shuttle bus service that runs between the three campuses -- Toyonaka, Suita, and Yamato. This service is to cut down on the time burden that comes with moving between campuses in order to secure a comfortable environment for students, faculty, and staff.

Students and faculty and staff members can use these buses for attending classes and research-related activities on other campuses; however, they cannot use them for their main study/research location.

*Do not use the Inter-Campus Shuttle Bus to travel to other campuses if you must attend courses on a different campus than your main study/research location.

Starts on 1st October, 2022

Please observe the following to prevent the spread of COVID-19 on buses:

- All passengers must wear a mask (except for individuals who cannot safely wear a mask) and use the hand sanitizer dispenser set up in the bus when boarding.
- Refrain from talking on the bus.
- To reduce capacity on buses, avoid rush hours if possible and refrain from crowding onto the bus. Make sure you have plenty of time to avoid being late for work or class.
- Maintain safe physical distancing while standing on the bus.

- Bus timetables are subject to change depending on the situation.

To International Students,

The new semester will come soon, and you will have many opportunities to take part in parties with your friends. Please be careful not to have heavy alcohol and not to be involved in illegal drug use. For further information, please refer to the following information, copied from the HP of Osaka University.

Cautions on consumption of Alcoholic beverages

College students have a lot of opportunities to drink such as welcoming parties, college festivals, and club parties. However, with these increased opportunities, come an increase in serious alcohol-related incidents, some resulting in student death! Although you may not be aware of it, certain student have suffered acute alcohol poisoning and some have even been rushed to a hospital in an ambulance.

Much of this acute alcohol poisoning is caused by binge drinking. At parties, ***avoid getting yourself involved in binge drinking*** in any way! Don't do such drinking yourself and never get involved in making someone else binge drink!

Remember: *If you should be involved in forcing someone (or even encouraging someone) to binge drink and that person later is involved in a serious incident such as their death or a traffic accident, you could be charged as an accessory under criminal and/or civil law.*

Finally, INTERNATIONAL STUDENTS

As with drug offenses, an offense of some sort involving alcohol could also impact your stay in Japan and/or career at Osaka University. In particular, "DUI" offenses (driving under the influence, i.e., driving when drunk) carry very strict penalties and very high fines.

Dangers of Illegal Drugs

The abuse of illegal drugs (cannabis (marijuana), stimulants, etc.) is now spreading among young people.

You may believe that experimenting only once will not do any harm, but this leads to dependency. Drugs will affect your body and mind. Moreover, this will disappoint your parents and friends, and will have an adverse effect on your university life.

Students are advised to recognize the horrors of drugs, and maintain sound judgment and courage in resisting temptations.

If you're an international student, a drug offense can easily mean the end of your studies and career in Japan.

Osaka University

Beware of Antisocial Cults

There are many cult groups that try to approach students on campus and on social networks under the pretext of inviting them to sports or volunteer club activities, academic guidance, or useful seminars about life and employment. Every year, there have been cases of students at Osaka University becoming victims of cults.

These groups are skilled in attracting students. They conceal their true intentions, building rapport with you only to put you in a situation where relenting to their pressure to join is your only option. If you are drawn in by their clever persuasion, you will be exploited mentally and financially. Unable to lead a meaningful university life, you will end up losing valuable time in your life.

Be especially cautious about :

- Groups which have their activity base outside the university and take students there.
- Groups which have a large budget of unknown origin.
- Groups which have an unclear history and often change their name.
- Groups in which unidentifiable people, graduates of Osaka University or students from other universities participate.
- Groups which seem to have another purpose.

If you are approached by a suspicious group :

- Do not share your telephone number or email address.
- Do not answer their questionnaires.
- Demand to see some identification, such as a student card.
- Do not follow them to another location off-campus.
- Have the courage to immediately refuse what you are reluctant to do.
- Consult friends, family, or university staff.

If you are approached by such a group or you see someone being approached by a suspicious group, contact us.
