TAKENOKO NIHONGO Table

Please join us ONLINE to communicate in Japanese!!

TAKENOKO NIHONGO TABLE provides a place for international students, researchers, and their spouses to improve their Japanese language skills by communicating with local Japanese. People of any language level, including beginners, are welcome. Native Japanese speaking volunteers are waiting for you to encourage your Japanese study, either speaking, reading, or writing. We are also ready to provide useful local information to make your stay in Japan easier and enjoyable.

This TAKENOKO NIHONGO TABLE online activity is organized by “TAKENOKO NIHONGO KOORYUUKAI”, a group of Japanese volunteers who want to make friends with foreign students, researchers, and their families. The group works in cooperation with the Center for International Education and Exchange, Osaka University.

What you will experience at Online TAKENOKO NIHONGO TABLE are:

For example,

1. Enjoy conversation in Nihongo (Japanese) with your Japanese partner.
2. Read a Japanese text of your choice with the help of your Japanese partner.
3. Get to know Japanese people, culture, society, etc., directly from native Japanese.
4. Introduce yourself and your culture to Japanese and other participants from the world.
5. Get useful information that makes your life and stay easier and more comfortable!
