※About Course of Media Class

"Course of Media Class" are classes in which more than half of the classes are held in places other than classrooms by making advanced use of various media.

Undergraduate students can include up to 60 credits in media class course as requirements for graduation.

Even if this is not the case, we may hold classes using the media.

Detailed Syllabus Information

Course Subtitle	Academic Presentation Course(F) Dynamic Business English 3D Animated Video & Presentation software 4 you!	
Language of the Course	English	
Learning Methods	Listening and watching face-to-face/online class: Listening and watching a lecture, video, or demonstration, face-to-face or via online (e.g., attending a face-to-face lecture, watching an on-demand video) Reading: Reading books and academic papers (e.g., summarizing an academic paper, reading information on a website) Discussion: Learning through question-and-answer interactions and exchanges of opinions among students and between students and the instructor (e.g., pair/group discussion, online chat, one-on-one guidance for writing an academic paper) Collaborative work: Working as a pair or a group (e.g., producing a poster through group work) Research: Collecting information from books and academic papers; gathering and analyzing data by fieldwork (e.g., review of previous research, fieldwork) Experience/practice: Learning from experience- and practice-based activities, and feedback on such activities (e.g., solving problems; laboratory work using instruments; on-campus and off-campus practical training; skills practice including sporting skills; project-based learning; internship) Presentation: Writing papers, making presentations, and creating works (e.g., report writing, oral/poster presentation, creation of works, portfolio development)	
Course Objectives	How to create Cool Videos and 3D Presentations using the latest software. Finally, a presentation tool that incorporates an intuitive user interface, super cool comic graphics, and offers a million more options than any other product on the market. The course is geared towards students who are looking to make their presentations more fun and creative. You can also use animated videos as short, objective focused visual aids on stimulating learning. Towards the end of the course, students should be able to demonstrate knowledge of and the ability to create animated videos and interesting 3D presentations.	
Learning Goals	1	To learn new skills through 3D software and develop creative marketing videos. The software is easy to use, and many famous companies like Coca-Cola, Starbucks, Pfizer, eBay, and COSTCO use it. It's a great new tool to market yourself or your products.
Requirements, Prerequisites	Self-motivation, the ability to be creative, and basic computer skills. And of course, you need a reliable computer with the latest Adobe Flash system to create your own animated movies or marketing slogan. The software is very easy to use; you don't have to be an expert, just motivation and a creative mind.	
Attendance and Student Conduct Policy	See the grading policy. I will discuss conduct policy in class.
