※メディア授業科目について

授業回数の半数以上を、多様なメディアを高度に利用して教室等以外の場所で行う授業を「メディア授業科目」としています。

学部学生が「メディア授業科目」を卒業要件に算入できるのは60単位が上限です。

なお、非該当の場合であっても、メディアを利用した授業を実施する場合があります。

| 授業の目的と概要/Course Objective                                                  | In eras of uncertainty, having the ability to discern what is important, pose questions, and work collaboratively with others to find solutions is essential. Especially in the digital era where the amount of information available can be overwhelming. This course aims to cultivate the capacity to think and act independently while collaborating with others with diverse values and perspectives by tackling social challenges and engaging with real world issues.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
